WHY IS THIS SERVICE NEEDED?

Driving Away Loneliness with Buffay Travel: Enhancing Lifestyle and Social Wellbeing

Loneliness in the elderly can be alleviated through Buffay Travel's Senior-Friendly Day Trips, which offer opportunities for exploration, community connection, and social interaction.

A major barrier to enhancing social well-being is the lack of reliable transportation services for care homes.

Buffay Travel addresses this by providing safe, accessible transport tailored to residents' needs.

This partnership allows care homes to enhance lifestyle and social well-being, creating enjoyable experiences and cherished moments while enabling them to focus on high-quality care.

WHAT INSPIRED US?

Inspired by my grandmother's battle with dementia-induced isolation, we founded Buffay Travel to improve the lives of elderly individuals in our community.

Our goal is to provide engaging day trips that combat social isolation and offer respite for seniors and their loved ones, fostering social connections and meaningful experiences.

Janet - Our inspiration for founding Buffay Travel.
